10PROPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,  
10OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS: I strongly object to not being able  
to buy medication by mail. I have many  
allergies and could not find anything  
that I could take. Now, I can get the  
medicine my doctor prescribed. There is  
nowhere near me to get this.
